

Struktura - PREMA PROTOKU INFORMACIJA

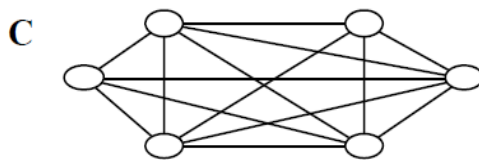

- A. Circle – informacije se odvijaju izmedju članica po određenom redu
- B. Hub and spoke – informacije se odvijaju izmedju članica preko hub-a (centralne članice)
- C. Knitwork – informacije se ukrštaju izmedju svih članica
- D. Wheel – informacije kruže izmedju članica i hub-a
- E. Subnetwork – osim informacija koje kruže izmedju članica, postoje informacije koje kruže unutar interorganizacionih odnosa svake članice pojedinačno

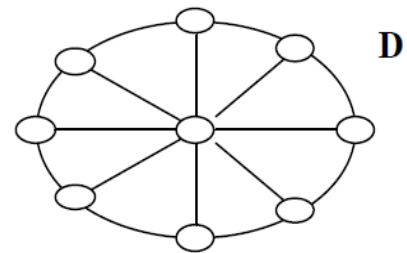

Circle:
Information flows between
members in a certain order

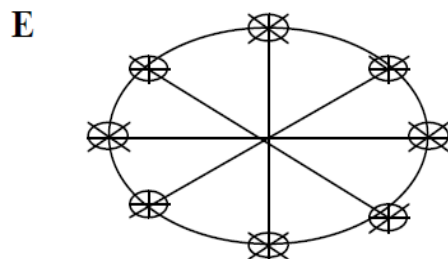

Hub and spoke:
Information flows between
members through the hub

Knitwork:
Information flows
between all members

Wheel:
Information flows between
participants and the hub

Sub-networks:
In addition to the total flow of information
there are special flows within sub-units
(per region or special topics)
