ON-LINE SUMMER CAMP

During the COVID 19 pandemic and limited opportunities for mobility of people and youth, #ChallengingBorders project with this On-line Summer Camp overcame these limits and limitations by organizing training for young people in the period from October 19 to October 23, 2020. Project #ChallengingBorders is implemented by three organizations Vlora Youth Center (Albania), Timok Club (Serbia), and NGO Info Centre (North Macedonia) through support of the Regional Youth Cooperation Office (RYCO) and United Nations Peacebuilding Fund (UNPBF).

WHO WERE PARTICIPANTS

33 young people age 15 to 30 from Serbia (Knjazevac and Zajecar), North Macedonia (Veles and Tetovo) and Albania (Vlora) and 6 mentors from 5 towns participated in this On-line Summer Camp.

WHAT WE DID ON ON-LINE CAMP

On Camp we learnt about the values of intercultural understanding, non-formal educational concept useful for peer to peer education, how to use video storytelling for running the change in local community and how to create and implement simple activities for intercultural education on the topic of xenophobia.

The world would be such a happier place...

If you'd wait until getting to know me before creating an opinion

WHAT IT LOOKED LIKE

At the beginning of the five-day training, the young people were reserved and shy, but thanks to good trainers who led the whole process, the creativity of the young people and their voice became clearer and louder. They created Instagram posts, PPT presentations, used various online tools for work, participated in group work, presented their works. Each day of work brought new knowledge, skills and learning, new groups and online socializing.

AND IN THE END

The end of the Online Summer Camp is the beginning of something new...new knowledge and skills, acquaintances, friendships, but also a larger number of followers on Instagram ;-)
